Example project “Childcare facilities”: the investment plan for the 0-6 age group is aimed at increasing the supply of childcare facilities by building, renovating and ensuring the safety of nurseries and preschools, to ensure an increase in the educational offer for the 0-6 age group, thus improving teaching quality. The measure is expected to encourage women's participation in the labour market and support them in reconciling family and professional life. By the end of 2025, at least 265.000 new places will be created for educational and early childhood care services.
